## 263. REMEMBER

Get The17 to lie on the floor in a circle, with each person's head resting on the belly of the person to their right.

This will require some twisting, but it's possible. Cushions will help.

As you listen to the gurgles and squeeks in the belly of the person on your right, try to remember what it sounded like in your mother's womb.

Bear in mind that gastric bacteria are what causes a corpse to putrify.
