## 306. TRY

Go somewhere  
In the forest  
On a windy  
And peaceful morning  
To listen to your favourite noises,  
e.g.  
The leaves getting blown,  
The wind whistling,  
The trees swaying,  
The leaves crackling  
When you step on them,  
And finally  
The birds whistling  
And singing.

Then try to make the sounds with your mouth.
