

SCORE

354. RECEIVE/TRANSMIT

You are the Receiver.

You are alone in a remote place.

but

you have a mobile phone.

The 17 are dispersed around the world.

At an appointed time

The 17 call you.

You do not answer their calls,

as much as you would like to.

You have instructed them to leave a message but say nothing.

When you have received all 17 calls, listen to the messages.

You will hear the sounds of faraway places.

You are the Transmitter.

You are alone in a remote place.

but

you have a mobile phone.

The 17 are dispersed around the world.

At an appointed time

you call each of The 17 in turn.

You say nothing,

as much as you would like to.

They will hear the sound of the wilderness.
